

Data Sheet FUJITSU Workstation CELSIUS W530

Performance That Boosts Your Productivity

If you need a powerful entry-level desktop workstation, Fujitsu's CELSIUS W530 is the ideal choice. The FUJITSU CELSIUS W530 workstation gives you the graphics capabilities and performance you need for entry-level 3D/CAD or DCC applications. Comprehensive ISV certifications ensure your professional applications run smoothly. Your workplace is silent and user-friendly thanks to best-in-class noise emissions. Plus, this compact workstation is individually configurable and allows easy tool-less expansion for greater working flexibility.

Powerful desktop workstation

Get more done in less time

 The fastest available processors, graphics cards and hard disk drives for entry-level 3D/CAD or Media & Entertainment applications

Quality

Highest quality and reliability for continuous productivity

■ Designed and manufactured in Germany

Upgradeability

Minimum downtime in the event of rapid component upgrades

■ Screw less access system design

Leading workstation application certification

Maximum compatibility and performance with customer-preferred applications

■ Full support for ISV applications and easy integration into existing IT environments

Silent operation

No distraction by disturbing noises, improved concentration for office work and increased user productivity

■ Best-in-class noise emission of only 18 dB(A) in idle mode

Recommended Accessories

Display P24W-7 LED

If you're a pixel, color and performance-hungry professional using demanding applications, the FUJITSU P24W-7 LED Display is the perfect choice. The display provides outstanding picture performance thanks to a cutting-edge graphic panel. It also boasts unique and innovative features such as our patent-applied Presence Sensor technology and the Always Available Powered USB Hub.

Order Code: \$26361-K1498-V140

Display P27T-7 UHD

For pixel, color and performance-hungry professionals using demanding applications, look no further than the FUJITSU P27T-7 UHD Display. It provides outstanding picture quality with Ultra High Definition (UHD) resolution, also known as 4k. Picture in Picture (PiP), unrivalled ergonomics, a multitude of UHD supporting interfaces and manageability make this the perfect choice.

Order Code: S26361-K1564-V140

Blue LED Mouse GL9000

Blue LED Mouse GL9000 comes in a slim design with proven Fujitsu engineering quality. The state-of-the-art blue LED sensor enables ultra precise switchable resolution at 1,000, 1,500 and 2,000 dpi. Blue LED Mouse GL9000 makes your life easier because it's tailor-made for right handed users. It just feels great in your hand.

Order Code: S26381-K438-L100

SpaceMouse™ Pro

Using the SpaceMouse™ Pro 3D mouse to navigate 3D models or environments is as simple as holding them in your hand. A slight movement of the controller cap delivers easy and precise control. SpaceMouse™ Pro is a companion to the traditional mouse and is operated with the free hand. Your traditional mouse hand is free to select, create and adir

Order Code: S26381-K459-L100

Keyboard KB900

The KB900 is a very flat keyboard with extra low keys and spill-resistant protection. The elegant design and top-quality construction makes the KB900 the ideal input device for any PC or Notebook user. If you accidently spill some water or coffee onto the keyboard, this special construction helps the liquid to flow away.
